PNM Resources Foundation Grants \$220,500

Helping our nonprofit customers lower their electric costs

Recently, PNM Resources Foundation announced the 44 New Mexico nonprofit recipients of the Reduce Your Use Grant. These grants help our nonprofit customers focus on spending less on electric costs and more on providing important assistance in the communities they serve.

The PNM Resources Foundation provides more than \$1 million in grants each year to programs supporting several organizations that offer essential services throughout the state.

"These generous Reduce Your Use Grants have been available to New Mexico nonprofits for 16 years," said Laurie Roach, PNM Resources Foundation Executive Director. "Since 2008, the foundation has been supporting the community's efforts to improve the environment. Nonprofit partners say they enjoy learning more about saving energy and they love putting those funds back into their fantastic programs."

Most of the nonprofits who received a 2024 Reduce Your Use Grant serve clients statewide.

These grants are offered each year. Learn more at pnm.com/grants
