## Stay cool and save money this summer with PNM

(Albuquerque, NM) – Summer has arrived, bringing plenty of sunshine—and with it, warmer days that may lead to more air conditioning use and higher electricity bills. We're here to help you stay cool and manage your energy costs.

### Small changes, big savings

Even the smallest adjustments can add up to big results! PNM offers free programs and rebates to help customers lower energy costs and stay comfortable all summer long.

- **Up to \$180 annually** – A free PNM Home Energy Checkup helps customers identify ways to save energy. The checkup includes energy-saving devices and information on rebates for installing energy-efficient equipment.
- **Up to \$90 annually** – Preparing air conditioners for summer is key! PNM provides a **free seasonal AC tune-up** and rebates to help customers upgrade cooling equipment.
- **Up to \$75 annually** – Customers can reduce energy waste by recycling an old refrigerator or freezer with PNM, earning **\$75** while lowering electricity consumption.

### Energy-saving hacks

- **Flip your ceiling fan direction** – A simple trick: Set your ceiling fans to spin **counterclockwise** in summer. This creates a feeling of wind chill, letting you raise your thermostat a few degrees while staying just as comfortable.
- **PNM Cooling Program** – Swamp coolers can work wonders in dry climates. We'll help you upgrade to energy-efficient evaporative cooling with a rebate to make it more affordable.
- **Seal ducts** – Leaky ducts = wasted energy! Sealing and insulating ducts can cut cooling costs by **up to 30%**. That's real savings right there.

### Small changes create big results saving energy and money

#### UP to \$180 annually

Free PNM Home Energy Checkup with installation of energy efficient equipment. Plus, additional rebates for efficient appliances.

#### UP to \$90 annually

PNM offers a free seasonal AC tuneup that prepares your AC unit for the summer heat. Plus receive rebates on cooling equipment.

#### UP to \$75 annually

Recycling your old refrigerator or freezer could save you up to \$75 per year. Customers can receive an additional \$75 by recycling your old refrigerator with us.
